

## REMARKS

The Specification has been amended to add headings in accord with U.S. practice and to insert a comma and delete a reference to numeral 25 in a paragraph. Fig. 2 has also been amended to show reference numeral 24. No new matter has been added to the application.

The claims have been amended for U.S. formatting and to remove multiple dependencies. Claim 1 has also been amended to focus the subject matter of the claimed invention. The subject matter of prior claim 1 has been retained in a new claim 33.

In light of all of the above, it is submitted that the claims are in order for allowance, and prompt allowance is earnestly requested. Should any issues remain outstanding, the Examiner is invited to call the undersigned attorney of record so that the case may proceed expeditiously to allowance.

Respectfully submitted,
